CLINIC DETAILS

Week long workshops and riding adventures are designed for those wanting to improve their confidence, communication, and riding skills with horses. Professionals, pleasure riders as well as beginners, benefit greatly from this week of study and fun. As the week progresses each day builds on the previous. Each day takes on its own personality as side trips riding into the rolling mountains and numerous multi colored canyons, discovering and learning about the Canyon lands and National Parks. Offering river rafting, mountain biking, hiking, and swimming. Enjoy a full service health spa, tennis and basketball courts. Gourmet dinners under the stars, music, story telling, recapping the day's events with new friends at happy hour, is enjoyed by all. Viewed as an adult camp with a theme, this format has the highest retention by the students. Working with a large variety of horses with varying personalities and issues, is an invaluable opportunity and critical to the learning process. There is no substitute for handling dozens of horses this week
